

TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE

**FISCAL NOTE**

**HB 1908 - SB 2025**

February 13, 2014

**SUMMARY OF BILL:** Enacts the Tennessee Choice and Opportunity Scholarship Act. Authorizes eligible students to apply for and receive scholarships to attend participating non-public schools. Requires students to meet certain eligibility requirements including, but not limited to, being zoned for or currently attending a school that is identified as being in the bottom 10 percent of schools in overall achievement data and meeting certain age and income requirements. Requires non-public schools to provide annual notice to the Department of Education of their intent to participate and to comply with all other participation requirements.

Requires the DOE to administer the program, and sets forth specific departmental administrative tasks including, but not limited to, providing annual notice of students' eligibility to parents; determining and approving initial and continuing eligibility for participating schools; and remitting scholarship payments to participating schools. Authorizes scholarship students to enroll in another participating school without loss of eligibility, if a participating school is deemed ineligible.

Requires the annual scholarship amount to be the lesser of the participating school's annual tuition and fees or the amount of the required state and local Basic Education Program (BEP) funding per pupil. Requires students receiving the scholarship to continue to be counted toward the average daily membership (ADM) of the local education agency (LEA). Requires LEAs to continue to fund their portion of the required BEP per pupil expenditure (PPE) for participating students. Authorizes LEAs to retain any local funding above and beyond the BEP local match requirement. Requires any remaining funds to be retained by the DOE and the LEA, with specific amounts based on the LEA's state and local BEP funding share division, if a participating school's tuition and fees are less than the required state and local BEP per pupil expenditure (PPE).

Caps the scholarship program at 5,000 scholarships for FY14-15; 10,000 scholarships in FY15-16; and 20,000 scholarships in FY16-17 and subsequent fiscal years. Requires the DOE to establish two consecutive, separate, 30-day application periods. The first application period shall be open for students who are zoned to attend or currently attend a school in the bottom 10 percent of schools as determined by overall student achievement data. The second application period shall be for all students located in counties that contain at least one school in the bottom ten percent of schools as determined by overall student achievement data.

Authorizes LEAs to adopt qualifications for scholarship eligibility that do not require students to meet income, school performance, or for participating schools to accept the scholarship as payment in full for tuition and fees. Requires participating schools to accept the scholarship as

payment in full for tuition and fees, for students who are zoned to attend or currently attending a school in the bottom 10 percent of schools as determined by overall student achievement.

## **ESTIMATED FISCAL IMPACT:**

### **Increase State Expenditures - \$171,800**

**Other Fiscal Impact – There will be annual shifts of state and local BEP funding from local education agencies to the non-public participating schools of the proposed program. An estimated \$16,405,000 will shift in FY14-15; an estimated \$33,630,000 will shift in FY15-16; an estimated \$68,940,000 will shift in FY16-17; and an estimated amount exceeding \$68,940,000 will shift in FY17-18 and subsequent fiscal years.**

### **Assumptions:**

- The DOE will require two new positions to administer the program beginning in FY14-15. One position will require a salary of \$80,000 with benefits of \$18,144 for a total of \$98,144 (\$80,000 + \$18,144). A second position will require a salary of \$60,000 with benefits of \$13,608 for a total of \$73,608 (\$60,000 + \$13,608).
- The total recurring increases in state expenditures for personnel is estimated to be \$171,752 (98,144 + 73,608).
- The scholarship program will begin in the fall of 2014.
- Though the exact number of annually participating students is unknown, it is reasonably estimated that a minimum of 50 percent of the cap will be filled each year, beginning in FY14-15.
- In FY14-15, an estimated 2,500 students will participate; in FY15-16, an estimated 5,000 students will participate; in FY16-17, an estimated 10,000 students will participate; and in FY17-18 and subsequent fiscal years, over 10,000 students will participate.
- The following scholarship estimates by fiscal year have been provided by DOE: in FY14-15, \$6,562 per pupil; in FY15-16, \$6,726 per pupil; in FY16-17, \$6,894 per pupil; and in FY17-18 and subsequent fiscal years, an amount exceeding \$6,894 per pupil.
- In FY14-15, an estimated \$16,405,000 ( $\$6,562 \times 2,500$ ) will shift from LEAs to participating schools.
- In FY15-16, an estimated \$33,630,000 ( $\$6,726 \times 5,000$ ) will shift from LEAs to participating schools.
- In FY16-17, an estimated \$68,940,000 ( $\$6,894 \times 10,000$ ) will shift from LEAs to participating schools.
- In FY17-18 and subsequent fiscal years, an amount estimated to exceed \$68,940,000 will shift from LEAs to participating schools.
- A majority of LEAs are currently funding their students above and beyond the BEP local match requirement. This amount varies widely by LEA, but according to DOE, the

average amount that LEAs will retain is \$1,111 per pupil in FY13-14 and is estimated to increase annually in each subsequent fiscal year.

- Each year, students leave and enter LEAs. As a result, LEAs adjust expenditures, teachers, facilities, and other items to meet the change in student population.
- LEAs will be able to use retained funding to offset any increase in local government expenditures.
- As the program grows, LEAs may be able to reduce local government expenditures; however, any decrease cannot be reasonably quantified.
- LEAs will not be required to pay for transportation to the participating schools.
